Please note that we gather student interest in TVET courses at this stage but students will need to choose a subject on each of the College lines for now in case a particular TVET course does not run in 2017. If it does run, the student may choose to “drop” a College course at the start of 2017.

Please list any TVET (TAFE) course you are interested in or any other course not listed above which you would like to investigate for study in 2017. Please remember that that cost of TAFE, Distance Education and study through an outside provider is the responsibility of the student and is additional to regular school fees.
