Commitment

This Code of Conduct – Personnel (the Code) reflects the commitment of St Peter's Anglican College (St Peter's) (the College) to ethical practice consistent with the values of the Anglican Diocese of Canberra & Goulburn (the Diocese) which is based on orthodox Christian belief, including:

- The centrality of Jesus Christ, His death and resurrection;
- The Bible as the ultimate authority and guide for the Church;
- That all people are created in the image of God and have inherent dignity and worth.

St Peter's values that guide the personal and professional behaviour of all personnel are:

- Faith
- Courage
- Excellence

These values reflect the Christian ethos of St Peter's. All St Peter's personnel, paid and unpaid, are expected to understand the Christian ethos of St Peter's and respect these values.

The Code establishes a standard of professional and personal behaviour that:

- Reflects the mission, vision, and ethos of St Peter's
- Respects the rights of each individual and the whole community
- Supports the best possible standards of service to the community
- Supports the best possible standards for Child Safety
- Promotes and maintains community confidence and trust in the work of the College

Scope

By accepting employment with St Peter's, you must be aware of and comply with this Code.

Therefore, you must:

- (a) conduct yourself, both personally and professionally in a manner that upholds the ethos and reputation of St Peter's;
- (b) comply with the St Peter's policies and procedures;
- (c) act ethically and responsibly; and
- (d) be accountable for your actions and decisions.

Contractors and Volunteers

Contractors, consultants and volunteers working with St Peter's must be aware of this Code and conduct themselves in a manner consistent with the conduct described in it. Conduct that is not consistent with the conduct set out in this Code may result in the engagement of a contractor, consultant or volunteer being terminated.

If you are engaging or managing external consultants, contractors or volunteers, it is your responsibility to make them aware of St Peter's expectations of conduct during the period of their engagement.

Purpose

The purpose of the Code:

- to place an obligation on all employees to take responsibility for their own conduct and to work with colleagues cooperatively to achieve a consultative and collaborative workplace where people are happy and proud to work;
- to identify professional and personal behaviours which will enable personnel to serve the needs of others professionally and ethically, including students, colleagues, and the community;
- to ensure personnel are aware of their responsibilities to act honestly and with due diligence and care;
- to uphold the rights of individual personnel;
- to assist personnel to act in ways which enhance the general public confidence in St Peter's and the Diocese;
- to encourage the commitment, contribution, and development of each person in striving to achieve best practice and an exceptional quality of service.

Clarification of the Code of Conduct

This Code is not intended to be contractual in nature and does not impose any contractual obligations on St Peter's. St Peter's reserves the right at its sole discretion to vary or cancel this Code at any time.

Nothing in this Code should be taken to limit the circumstances in respect of which St Peter's may take disciplinary action in respect of an employee.

The Code does not address all the issues that personnel may face when performing their roles, but it does provide general principles to which all can refer. If in doubt about the best response to a given situation, personnel should seek advice from their supervisor.

If there is any conflict between the Code and the law, the law will prevail.

As a St Peter's employee, you hold a position of trust and are accountable for your actions.

- 2.1 The consequences of inappropriate behaviour and breaches of this Code will depend on the nature of the breach.
- 2.2 Employees should report actual and possible breaches by colleagues using the *Incident Form*.
- 2.3 Factors the College may consider when deciding what action to take may include:

You should refer to the College's *Child Safe Policy* and child protection policies for further information about these obligations. Employees must note:

- An adult in child-related work in an organisation will commit an offence if they know another adult there poses a serious risk of abusing a child (under 18 years), and they have the power to reduce or remove the risk, and they negligently fail to do so. (*Section 43B of the Crimes Act 1900 [NSW]*)
- All adults in NSW are required to report information to police if they know, believe or reasonably ought to know that a child (under 18 years) has been abused. (*Section 316A of the Crimes Act 1900 [NSW]*)

4. Respect for people

St Peter's expects employees to treat each other with respect and courtesy.

Our daily interaction with others reflects on St Peter's reputation. Therefore, all employees are expected to be approachable, courteous and prompt in dealing with other people, including students, parents, other employees and members of the community.

- 4.1 Employees who work with students have a special responsibility in presenting themselves as appropriate role models for those students. Modelling effective leadership and respect in your interactions with students can have a profoundly positive influence on a student's personal and social development.
- 4.2 Similarly, it is important for you to treat your colleagues, other employees, contractors, students and parents with respect. You must not engage in rude or insulting behaviour, including verbal and non-verbal aggression, abusive, threatening, intimidating or derogatory language, hate speech and physical abuse or intimidation towards other employees, contractors, students and parents. You must not use information and communication technologies, such as email, mobile phones, text or instant messaging, blogs, social media sites and other websites to engage in this type of behaviour.
- 4.3 You must not discriminate against, or harass for any unlawful reason, or bully for any reason any employee, contractor, student or parent. Your obligations in this regard, including the list of unlawful reasons, are set out in the College's *Bullying and Harassment (including sexual harassment) Policy*. Unlawful harassment or discrimination may constitute an offence under the Anti-Discrimination Act 1977 or federal discrimination legislation. Bullying may be a breach of your obligations under work health and safety legislation or your duty of care at common law.
- 4.4 You should ensure that you are aware of the College's *Bullying and Harassment (including sexual harassment) Policy*. If you believe you are being unlawfully harassed or discriminated against or bullied:
 - (a) where you feel comfortable ask the person to stop or make it clear that you find the behaviour offensive or unwelcome. It may be useful to speak with your supervisor ² in the first instance to seek guidance on how to do this; and/or
 - (b) raise the issue as a complaint in accordance with the College's *Bullying and Harassment (including sexual harassment) Policy and Complaints – Workplace Policy* as soon as possible after the incident(s) have occurred.
- 4.5 St Peter's takes reports of unlawful discrimination and harassment or bullying seriously and will take whatever action it considers appropriate if such conduct is found to have occurred including disciplinary action up to and including dismissal. Many incidents can be addressed effectively if reported early.
- 4.6 If you lie about, make a vexatious complaint or exaggerate a complaint, the College will view this as a very serious matter, and you may be disciplined up to and including dismissal.

- 4.7 Employees must avoid disrespectful or derogatory language regarding a student, or their family, even in conversations entirely between St Peter's employees.

5. Duty of Care and Work Health and Safety

As a St Peter's employee, you have a duty of care to yourself, students in your charge and other personnel to take all reasonable steps to protect them from risks of harm that can be reasonably predicted.

The duty encompasses a wide range of matters, including (but not limited to):

- the provision of adequate supervision
- ensuring grounds, premises and equipment are safe for use
- implementing strategies to prevent bullying from occurring in the College, and
- providing medical assistance (if competent to do so) or seeking assistance from a medically trained person to aid persons who is injured or becomes sick at School.

Duty of Care

- 5.1 As a St Peter's employee, you have a duty of care to students in your charge. That duty is to take all reasonable steps to protect them from risks of harm that can be reasonably predicted. For example, risks from known hazards and from foreseeable risk situations against which preventative measures can be taken. The standard of care that is required, for example the degree of supervision, needs to be commensurate with the students' maturity and ability.
- 5.2 Duty of care to students applies during all activities and functions conducted or arranged by St Peter's. The risks associated with any activity need to be assessed and managed before the activity is undertaken.
- 5.3 You should ensure that you are aware of the College's *Supervision Policy*, *Excursions Policy*, *Student Healthcare Policy* and information governing co-curricular activities.

Work Health and Safety

- 5.4 You also have a responsibility under work health and safety legislation to take care of your own health and safety at work. It is also your responsibility to ensure that your activities do not place at risk the health and safety of your co-workers, students or other persons that you may come into contact with at work.
- 5.5 Considerations of safety relate to both physical and psychological wellbeing of individuals.
- 5.6 You should ensure that you are aware of St Peter's *Work Health & Safety Policy and procedures*.

Supervision of students

- 5.7 You should take all reasonable steps to ensure that no student is exposed to any unnecessary risk of injury.
- 5.8 You should be familiar with and comply with the site's evacuation and lockdown procedures.
- 5.9 Students should not be left unsupervised either within or outside of class. You should be punctual to class and allocated supervision.
- 5.10 You should remain with students at after school activities until all students have been collected. In the event that a student is not collected you should remain with the student until they are collected or seek advice from your supervisor as soon as possible.
- 5.11 Playground supervision is an integral part of the responsibility of staff. It must take precedence over other activities. It is unacceptable to be late. You should actively supervise your designated area, being vigilant and constantly moving around.
- 5.12 You should be alert to bullying or any other form of discriminatory behaviour, and report incidents to the appropriate staff member. Additional detail about student bullying is set out in the College's *Anti-bullying (student) policy*
- 5.13 Ill or injured students should be attended to by the supervising staff member. Should additional assistance be required you should contact the College's reception.
- 5.14 You should ensure that you understand and comply with St Peter's policy in regard to the storage and administration of prescribed medication to students (see *Student Healthcare Policy and*

6. Professional relationships between employees and students

As a St Peter's employee, you are expected to always behave in ways that promote the safety, welfare and well-being of children and young people. You must actively seek to prevent harm to children and young people, and to support those who have been harmed.

While not all employees are required to manage and supervise students, it is important for all staff to understand and observe the St Peter's Child Safe and child protection policies.

Supervision of students

- 6.1 You should avoid situations where you are alone in an enclosed space with a student. Where you are left with the responsibility of a single student you should ensure that this is in an open space in view of others. Where this is not possible or practical it should be discussed with your supervisor and/or the Principal.
- 6.2 You must not transport students in your private vehicle unless approved in advance by the Principal (or delegate). When you unexpectedly are required / asked to transport a student (who is not your own), due to unforeseen / emergency circumstances:
 - 6.2.1 you must inform the Principal or delegated leader as soon as practicable (phone, SMS, Teams message)
 - 6.2.2 you must ensure the student has verbal permission from their parent/carer, with written confirmation (SMS/email) obtained as soon as reasonably possible
 - 6.2.3 you must report the transport event to the Principal (or delegate) and document the event on the school's register.
- 6.3 If you wish to conduct a private conversation with a student you should consider the time and venue carefully to avoid placing yourselves in a vulnerable situation. It is preferable to leave the door open. You should not locate yourself between the student and the door.
- 6.4 When confiscating personal items, such as mobile phones or hats, ask students to hand them to you. Only take items directly from students in circumstances where concern exists for the safety of the student or others and your own safety is not jeopardised by this action.

Physical contact with students

- 6.5 You must not impose physical punishment on a student in the course of your professional duties.
- 6.6 You should avoid unnecessary physical contact with students. When physical contact with a student is a necessary part of the teaching/learning experience you must exercise caution to ensure that the contact is appropriate and acceptable. You should seek permission from the student by asking for a volunteer if necessary to demonstrate a particular activity.
- 6.7 Attention to the toileting needs of young children should be done with caution. It may be appropriate to have the door open. For students with a disability the management of toileting needs should be included in the student's individual management plan.
- 6.8 When congratulating a student, a handshake, or a pat on the shoulder are acceptable as long as the student is comfortable with this action. Kissing of students is not acceptable.
- 6.9 Assessing a student who is injured or ill may necessitate touching the student. Always advise the student of what you intend doing and seek their consent.
- 6.10 Sometimes in ensuring duty of care you may be required to restrain a student from harming him or herself or others using reasonable force. Any such strategy must be in keeping with the St Peter's behaviour management practices or individual student management plans. You should report and document any such incidents as soon as possible using the incident form.

Relationships with students

- 6.11 You must not have a romantic or sexual relationship with a student. It is irrelevant whether the relationship is homosexual or heterosexual, consensual or non-consensual or condoned by

parents or caregivers. You are reminded of:

- (a) the law prohibiting sexual relations with a person under the age of consent (16 years); and
 - (b) the law prohibiting sexual relations between a teacher and a student at their school who is under the age of 18 years.
- 6.12 You must not develop a relationship with any student that is, or that can be interpreted as having a personal rather than a professional interest in a student. An overly familiar relationship with any student (including any adult student) that you are responsible for teaching, tutoring, mentoring, advising, assessing, or for whom you provide pastoral or welfare support or wellbeing or other student care raises serious questions of conflict of interest, trust, confidence, dependency, and of equality of treatment and is a breach of this Code and the policies of the College. Such relationships may also have a negative impact on the teaching and learning environment for other students and colleagues and may carry a serious reputational risk for the College.
- 6.13 If you consider that a student is being overly familiar, seeking to establish a personal relationship with you or has developed a 'crush' on you, you should report your concerns to your supervisor and/or the Principal as soon as possible so that a plan can be developed to manage the situation effectively and sensitively.
- 6.14 At all times when speaking with students care must be taken to use appropriate language. You must always treat students with respect and without favouritism. There is no place for sarcasm, derogatory remarks, inappropriate familiarity or offensive comments.
- 6.15 You may, as part of your pastoral care role, engage in discussion with students. This is entirely appropriate. However you must be cautious about making personal comments about a student or asking questions that probe your own or a student's sexuality or relationships. You must not hold conversations with a student of an intimately personal nature where you disclose information about yourself.
- 6.16 You must not:
- (a) invite students to your home;
 - (b) visit students at their home; or
 - (c) attend parties or socialise with students,
- unless you have the express permission of the Principal and their parents or care giver. In such a situation, you must be alert to the risk involved in such activities and conscious that your position as a staff member puts special obligations upon you in your relationship with the students, parents and other staff. To the extent possible, you should avoid being alone with a student of the College in a social setting.
- 6.17 You must not engage in babysitting, tutoring or coaching students from the College without the express permission of the Principal.
- 6.18 You must not invite students to join your personal electronic social networking site/s or accept students' invitations to join their social networking sites (see Section 7 – Appropriate use of electronic communication and social networking sites).
- 6.19 You must not give gifts to students. You should also carefully consider your position before accepting any gift from a student (see Section 10 – Declaring gifts, benefits and bribes)
- 6.20 Wherever practical, you should avoid teaching or being involved in educational decisions involving family members or close friends. Where it is not practical to avoid such situations completely, another member of staff should make any significant decisions relating to the student's assessments and have those endorsed by a supervisor.
- 6.21 You should be aware of, and sensitive to, children with culturally diverse or indigenous backgrounds and cultural practices that may influence the interpretation of your behaviour.

Relationships with former students

- 6.22 You must not develop a relationship with any person that was a student at the College in the previous [5] years (Ex Student), that is, or that can be interpreted as having a personal rather than a professional interest in a former student. This includes but is not limited to a romantic or

sexual relationship with an Ex Student.

- 6.23 In relation to contact with Ex Students, you must not:
- (a) purchase alcohol for Ex Students;
 - (b) other than in your capacity as an employee at the College for professional purposes, contact by phone, text message or any other form of contact, or respond to personal contact from, an Ex Student;
 - (c) invite Ex Students into your personal social networking site or accept an invitation to theirs; or
 - (d) use social networking sites to email or contact Ex Students.

Child protection

- 6.24 You must be aware of and comply with the College's *Child Safe* and *child protection policies*.
- 6.25 As set out in **Section 3** you must report any concerns you may have about any other employee, contractor or volunteer engaging in 'reportable conduct' or any 'reportable allegation' that has been made to you to the Principal. This includes self-disclosure if the allegation involves you.
- 6.26 Broadly, '**reportable conduct**' means:
- (a) a sexual offence,
 - (b) sexual misconduct,
 - (c) an assault against a child,
 - (d) ill-treatment of a child,
 - (e) neglect of a child,
 - (f) an offence under section 43B (failure to protect) or section 316A (failure to report) of the Crimes Act 1900, and
 - (g) behaviour that causes significant emotional or psychological harm to a child, whether or not the child consents.
- 6.27 Reportable Conduct does not extend to:
- a) conduct that is reasonable for the purposes of the discipline, management or care of children, having regard to the age, maturity, health or other characteristics of the children and to any relevant codes of conduct or professional standards; or
 - b) the use of physical force that, in all the circumstances, is trivial or negligible and the circumstances in which it was used have been investigated and the result of the investigation has been recorded in accordance with appropriate procedures; or
 - c) conduct of a class or kind exempted from being reportable conduct by the Children's Guardian Act, 2019 under section 30.
- 6.28 For further information about 'reportable conduct' see St Peter's *Reportable Conduct Policy*.
- 6.29 The requirements outlined in **Section 6** in relation to Supervision, Physical Contact and Relationships with Students set professional boundaries in relation to your behaviour. They make clear what behaviour is unacceptable and could amount to reportable conduct or inappropriate professional conduct.

The Working With Children Check

- 6.30 The Working With Children Check is a prerequisite for paid and unpaid child-related work. Under Part 2, section 6 of the *Child Protection (Working With Children) Act 2012*, child-related work is defined as work in a specific child-related role or face-to-face contact with children in a child-related sector.
- 6.31 You must have a Working With Children Check clearance which will be valid for a period of five years. You are responsible for renewing your Working With Children Check every five years.

7. Appropriate use of electronic communication and social networking sites

St Peter's provides electronic communication facilities for its students and employees for educational or administrative purposes. It monitors and views data stored or transmitted using the College's facilities. By its nature, electronic communication is a fast and informal way of communicating. However, once a document or image has been sent there is no way to recall it and it exists forever.

- 7.1 You must comply with the College's *Technology Usage Agreement – Personnel and Communications Policy*. This includes:
- (a) exercising good judgment when using electronic mail, following the principles of ethical behaviour;
 - (b) using appropriate and professional language in electronic mail messages;
 - (c) being aware that if an issue addressed in an email becomes the subject of a legal dispute, then those emails would be discoverable: that is, the court and all parties to the dispute would be entitled to see them;
 - (d) not sending messages that are harassing, discriminatory, defamatory, threatening, abusive or obscene;
 - (e) not inviting students into your personal social networking site or accept an invitation to theirs;
 - (f) not using social networking sites to email or contact students;
 - (g) remembering transmission, storage, promotion or display of offensive, defamatory, or harassing material is strictly forbidden; and
 - (h) reporting any situations where you become aware of the inappropriate use of electronic communication and social networking sites.
- 7.2 You must never use the College's networks to view, upload, download or circulate any of the following materials:
- (a) sexually related or pornographic messages or material;
 - (b) violent or hate-related messages or material;
 - (c) racist or other offensive messages aimed at a particular group or individual;
 - (d) malicious, libellous or slanderous messages or material; or
 - (e) subversive or other messages or material related to illegal activities.

8. Use of alcohol, drugs, tobacco and vaping

Work Health and Safety is of fundamental importance to St Peter's. Maintaining a safe work environment requires everyone's continuous cooperation.

- 8.1 You are responsible for ensuring your capacity to perform your duties is not impaired by the use of alcohol or drugs and that the use of such substances does not put at risk your or any other person's health and safety.
- 8.2 As a St Peter's employee, you must:
- (a) not attend work under the influence of alcohol, illegal drugs or non-prescribed and/or restricted substances;
 - (b) not consume alcohol, illegal drugs or non-prescribed and/or restricted substances while at work;
 - (c) notify your supervisor if you are aware that your work performance or conduct could be adversely affected as a result of the effect of a prescribed drug;
 - (d) take action to resolve any alcohol or other drug-related problems that you have; and
 - (e) consult with your supervisor or Principal if you are concerned about working with other employees who may be affected by drugs or alcohol.

Drugs

- 8.3 As a St Peter's employee, you must not:
- (a) have illegal drugs in your possession while at work. Any illegal drugs found on St Peter's property or in the possession of any person on School property may result in disciplinary action including the termination of your employment and referral to the Police;
 - (b) give students or other employees illegal drugs or restricted substances, or encourage or condone their use; and
 - (c) supply or administer prescription or non-prescription drugs to students unless authorised to do so.

Alcohol

8.4 You must not take alcohol to School or consume it during School hours or at any School function at any time School students are present, including those events conducted outside School premises unless expressly permitted to do so by the Principal. A School function is any occasion organised by the College and/or in the College's name, including dances, farewells, excursions, sporting fixtures and fund raising events.

8.5 You must not:

- (a) purchase alcohol for, or give alcohol to, any School student (or to any other person under the age of 18 years); and
- (b) encourage or condone the use of alcohol by students of any age during educational activities.

8.7 You must not purchase tobacco or tobacco products, or vaping products for any School student, or give them tobacco or tobacco products or vaping products.

9. Identifying and Managing Conflict of Interests

Private interests can, or have the potential to, influence a person's capacity to perform their duties and in turn compromise their integrity and that of St Peter's.

9.1 As a St Peter's employee, you must not act in conflict with the College's best interests. A conflict of interests can involve:

- (a) pecuniary interests i.e. financial gain or loss or other material benefits;
- (b) non-pecuniary interests i.e. favours, personal relationships and associations.

It may not only be about your own interests. It may include:

- o the interests of members of your immediate family or relatives (where these interests are known);
- o the interests of your own business partners or associates, or those of your workplace;
- or
- o the interests of your friends.

9.2 When faced with a situation in which conflict of interests may be present, you should report any potential or real conflict to your supervisor or the Principal.

9.3 You should also report situations where a superior or colleague who has an identified conflict is, or may be perceived as, unduly influencing your decision.

9.4 Entering into a sexual or romantic relationship with another staff member or a parent or member of the school community may be a conflict of interest and should be raised with the Principal so that appropriate measures can be implemented to manage the conflict if possible. The School reserves the right to take whatever steps it considers appropriate if the conflict cannot be managed in a way that protects the interests of a student/s and St Peter's.

9.5 Further information on management of conflict of interests can be found in the *Conflict of interests policy and procedure*

10. Declaring gifts, benefits and bribes

As an employee, you may be offered a gift or benefit as an act of gratitude. There are some circumstances when to refuse a gift would be perceived as rude, insulting or hurtful.

You are expected to exercise sound judgment when deciding whether to accept a gift or benefit.

10.1 If you are offered a bribe (i.e. anything given in order to persuade you to act improperly), you must refuse it, explain why it is not appropriate, and immediately report the matter to the

Principal.

- 10.2 Accepting gifts and other benefits has the potential to compromise your position by creating a sense of obligation and undermining your impartiality. It may also affect the reputation of the College and its staff. You must not create the impression that any person or organisation is influencing the College or the decisions or actions of any of its employees.
- 10.3 If you are offered a gift or benefit, you should always consider the value and purpose of a gift or benefit before making any decision about accepting it. A gift that is more than nominal value (\$100) must not become personal property. You should either politely refuse it or advise the contributor that you will accept it on behalf of the College.
- 10.4 When such a gift is accepted, you must advise your Principal. They will determine how it should be treated and make a record of its receipt. Depending on the nature and value of the gift, it may be appropriate to record the gift in the asset register as a donation or other such record established for that purpose.
- 10.5 Sometimes employees might, in the course of their work, win a prize of significant monetary value e.g. a computer, from another organisation. Prizes are usually considered the property of the College. If you win a prize, you must advise your supervisor or the Principal who will determine how the prize should be treated and recorded.

- 11.5 The media should not be given access to students or allowed entry to the College without the express permission of the Principal. You should not make any comments to the media about the College, students or parents without the express permission of the Principal.
- 11.6 You must comply with the College's requirements regarding the established line of communication with parents in the College.

Confidential information

- 11.7 As a St Peter's employee, you must only use confidential information for the work-related purpose it was intended. For further information see the *Privacy Policy and Procedure*
- 11.8 Unless authorised to do so by legislation, you must not disclose or use any confidential information without the express permission of the Principal.
- 11.9 You must make sure that confidential information, in any form, cannot be accessed by unauthorised people.

Privacy

- 11.10 Sensitive and personal information should only be provided to people, either within or outside the College, who are authorised to have access to it.
- 11.11 You should always exercise caution and sound judgment in discussing the personal information of students, parents, staff and other people with other School employees. Normally information should be limited to those who need to know in order to conduct their duties, or to those who can assist in carrying out the College's work because of their expertise.

12. Record keeping

- 12.1 All employees have a responsibility:
 - (a) to create and maintain full, accurate and honest records of their activities, decisions and other business transactions, and
 - (b) to capture or store records in St Peter's record systems.
- 12.2 You must not destroy or remove records without appropriate authority.
- 12.3 Supervisors have a responsibility to ensure that the employees reporting to them comply with their records management obligations.
- 12.4 Employees responsible for assessing and recording marks for students' work must do so accurately, fairly and in a manner that is consistent with relevant policy and the requirements of the College.
- 12.5 Employees must maintain the confidentiality of all official information and documents which are not publicly available, or which have not been published.

13. Copyright and Intellectual Property

- 13.1 When creating material, you need to ensure the intellectual property rights of others are not infringed and information is recorded about any third-party copyright/other rights included in materials.
- 13.2 Advice relating to sharing or licensing St Peter's intellectual property should be sought from the Principal.
- 13.3 The School cannot give away or assign its intellectual property without the approval of the Principal.
- 13.4 If you develop material that relates to your employment with the College, the copyright in that material will belong to the College. This may apply even if the material was developed in your own time or at home.
- 13.5 You should not use the College's intellectual property (including copyright) for private purposes without obtaining written permission from the Principal.

14. Employment decisions

Employees will adhere to the highest ethical standard when making employment-related decisions, when seeking employment, or when planning to resign from a position, ensuring fair and equal treatment of all.

Prospective employees must provide accurate and complete information about their professional qualifications and experiences as required.

15. Financial and resource responsibilities

- 15.1 Employees will avoid any personal advantage for themselves or others through their position other than their wage, allowances and deductions.

 - (b) cash is kept secure at the workplace;
 - (c) money is banked promptly;
 - (d) money is not taken home;
 - (e) St Peter's credit cards are not misused.
- 15.3 Staff will use St Peter's and Diocesan resources including computers, telephones, and vehicles wisely and for the purpose for which they are intended, in accordance with St Peter's policies and procedures.

16. Personal behaviour and beliefs

- 16.1 St Peter's does not seek to regulate the personal behaviour of staff in their private lives. However, all staff should be aware that personal behaviours can impact on the reputation

and well-being of St Peter's, the Diocese, and its personnel. This impact can be magnified in small communities. The Code addresses personal behaviour in a professional context, in particular where personal and professional behaviour intersect and where this behaviour may impact on the reputation of St Peter's and the Diocese.

- 16.2 Sharing of personal political and religious opinions should align with the ethos of the school. Analysis of political and religious views may be required in an educational setting according to your role. You should remain impartial in such discussions to ensure personal political and religious views are not promoted to students.
- 16.3 Interacting with children, other than your own, as part of family activities outside work functionality should be approached with caution.
- 16.4 In regional schools, it is acknowledged that you may occasionally be asked to transport another student enrolled at the school (who is not their own), due to community relationships and last-minute needs. In these instances, you must exercise caution, ensure parent/carer permission is obtained, notify the Principal as soon as practicable, and follow the *Regional Transport Procedure*.

17. Dress

Employees will dress appropriately for a professional environment, with consideration given to the context of their workplace. Employees will be sensitive to the effect of their dress on others and dress modestly and appropriately to the context, having regard for health and safety. For St Peter's, denim and tights are not considered appropriate for the professional environment.

18. Restricted material

Employees will not view, possess, produce, or distribute restricted material without a legitimate purpose. If there is a legitimate purpose, the employee will disclose the purpose and circumstances to their supervisor and obtain approval.

19. Illness and disease

St Peter's requires employees to be proactive and diligent about workplace infections or communicable diseases. All staff members who are sick with an infectious illness or disease or have reasonable grounds to suspect that they may be sick, are encouraged to seek medical assistance and follow medical advice.

If an employee is sick with an infectious illness or disease, they should not attend work.

When returning to work after injury or illness, employees may be required to produce a Certificate of Capacity.
